

My name is John Baxter. I am currently a subscriber to XM Sattelite Radio. I value this XM Radio for a number of reasons. I am a truck driver that goes from city to city and state to state. I can not pick up many stations that are on both FM and AM once I have left the cities. Therefore I need Sattelitte Radio to keep me connected and informed of news events, traffic, and weather. Also I enjoy listening to the many music stations that XM ofers. I feel that since I pay for this service it should not be up to the National Association of Broadcasters to prevent me from a service I feel I am entitled to listen to! I respectfully urge the FCC to reject NAB's petition 04-160. I also urge the FCC to support XM's ability to provide the kind of programming that I demand and deserve.
